## Specialist in Small Animal Surgery

We have an exciting opportunity for a full time or part-time Small Animal Surgery Specialist to join our brand-new purpose-built hospital in beautiful Sydney, Australia. You will be a part of the Veterinary Specialists of Sydney (VSOS) family, which is a fast-growing privately owned business. At VSOS everything we do is based upon the belief in our team. This belief centres on treating our staff, clients and referring veterinarians as part of our VSOS family and strive to deliver the best outcomes every single time. If your wish is to join a family-like culture, then please reach out to us.

### About us:

Currently, we have a brilliant specialist surgical team including Dr Andrew Levien, Dr Nina Lorenz and Dr Nikola Heblinski, with strong skills in complex surgeries and are looking for another dynamic full-time team member. We are complimented by four internal medicine specialists, Dr Karina Graham, Dr Amy Pepper, Dr Richard Burchell and Dr Graham Swinney, a specialist anaesthetist, Dr Fernando Martinez-Taboada and residency trained neurologist, Dr Alex Hamilton. We have just opened our brand-new world class specialist and emergency centre, Advanced Treatment Centre (ATC) and offer a mobile specialist service to our local veterinarians around Sydney.

We hold ourselves to the highest standards and are well-equipped, including in-house 1.5T MRI, a 64 slice CT, mobile digital x-ray, brand-new fluoroscopy, and an extensive array of endoscopic and ultrasound equipment. On the surgical side we are very well equipped with equipment for complex orthopaedics, soft tissue and neurosurgical cases.

### About you:

The ideal candidate will have an open mind, adaptable, willing to learn, be a team-player and have great communication skills. We love to work as a team and bounce ideas off one-another; sharing of knowledge, technique and experience with each other is vital. A sense of humour is important, as is the ability to have fun. We are a great team who are full of enthusiasm.

### The benefits:

Remuneration for a suitably qualified surgery specialist will be **above** average. Qualified specialists and senior residents or registrars are welcome to apply. We value a great work life balance and flexibility!
