If your wish is to join a family-like culture, then please reach out to us.

### About us:

We provide hybrid specialist serviced and have a state-of-the-art 24hr emergency and specialist hospital as well as a very busy mobile surgical service. The Advanced Treatment Centre (ATC) has a brand new 1.5T MRI, 64 slice CT, fluoroscopy, endoscopy, digital radiology and ultrasound just to name a few. We are passionate about providing high-quality, cutting-edge care and pride ourselves at being innovative and leaders in our professions.

  - Always on a roster of 4 days/week, the exact days are rotating.

  - Rotating Saturdays one every three weeks
  - Flexibility of scheduling.

### Remuneration:

Will be generous and commensurate with experience.

### About you:

- Having a vehicle is essential (you will be reimbursed for any use of your own vehicle). Comfortable driving all day is a must!
