ABN: 16 628 288 595

### **Advanced patient care nurse in the Surgery Department.**

VSOS has a brand new exciting opportunity for a nurse with a strong interest in surgical patient care to join our team in our new purpose-built hospital in beautiful Sydney, Australia. This is a brand-new truly unique role for veterinary nurses who wish to work like a vet!

You will be a part of the Veterinary Specialists of Sydney (VSOS) family, which is a fast-growing privately owned business. At VSOS everything we do is based upon the belief in our team. This belief centres on treating our staff, clients and referring veterinarians as part of our VSOS family and strive to deliver the best outcomes every single time. If your wish is to join a family-like culture, then please reach out to us.

#### **About us:**

Currently, we have a highly experienced surgeon team with very strong skills in orthopaedics, neurosurgery, minimally invasive and soft tissue. We are complimented by internal medicine specialists, radiologists, anaesthesiologists as well as a host of support doctors. We have recently opened our brand-new world class specialist and emergency centre, Advanced Treatment Centre (ATC) and offer a mobile specialist service to our local veterinarians around Sydney. We hold ourselves to the highest standards and are well-equipped, including in-house 1.5T MRI, a 64 slice CT, mobile digital x-ray, fluoroscopy and an extensive array of surgical, endoscopic and ultrasound equipment.

#### **About you:**

- The ideal candidate will have a strong interest in patient care with aspirations to be working like a vet!
- You need to be open minded, adaptable, willing to learn, be a team-player and have great communication skills with clients.
- Your job will be to help the vets manage the patients from intake, to discharge and with follow-up care.
- This is a full-time role but you need to be somewhat open to the long days that specialists can work
- Minimum of 2 years clinical experience working in general practice or specialist hospital
