

## Advanced Veterinary Anaesthetic Nurse / Veterinary Anaesthetic Technician

Do you want to further your career in veterinary surgical nursing?

### About us

VSOS is an independently owned world-class purpose-built hospital and mobile service with a vision to deliver gold-standard veterinary medicine and surgery and provide the highest standards of patient care. We have built ourselves on the foundation of always striving to go above and beyond the expectations of our clients and primary care veterinarians. Our family of 160 happy team members will tell you that we believe our staff can achieve their fullest potential when nurtured in a caring, respectful, supportive environment.

We currently have specialists in surgery, internal medicine, anaesthesia, diagnostic imaging as well as emergency and critical care, and the VSOS nurses and support staff are the best in the business! Our ER and ICU operates 24 hours and the cutting-edge operating rooms are fully equipped with fluoroscopy, an interventional radiology space, laparoscopy, endoscopy, and more. The VSOS imaging suite is equipped with ultrasound, MRI, CT, and mobile digital x-ray.

### The role

We are looking for a veterinary nurse with a proficiency in planning and performing anaesthesia to provide assistance to the anaesthetists.

The busy anaesthetics team is responsible for ensuring the smooth running of the anaesthetic service and caring for patients across all departments.

This involves assisting with the assessment of patients, planning the anaesthetics for them while liaising with the clinician in charge, setting up for and assisting in a range of specialist procedures, CT, radiography, charting and additional anaesthetic support. You will provide advice and support for procedures requiring sedation, anaesthesia and pain management.

You will be supported by 2 specialist anaesthetists as well as another advanced anaesthesia nurse who works as the "right hand man" of the specialists. In addition, you would join a talented team of specialist surgeons, residents, interns, patient care nurses and other highly qualified nurses across various disciplines including diagnostic imaging, internal medicine, surgery, neurology and emergency and critical care.

We anticipate this to be a full-time 4 day work week but would consider part time for the right candidate. You will work alongside and be challenged by a talented team of specialists, residents, interns and highly qualified nurses across all disciplines.

Opportunities for leadership development and further training is encouraged and provided.

### What our ideal candidate has to offer

- You have a strong interest in surgical nursing and anaesthesia.
- You are self-motivated to be continually improving with the goal of team success and can fit in with our extended VSOS family
- You thrive in a busy fast paced dynamic environment

## Veterinary Specialists of Sydney Pty Ltd

Phone: 02 8376 8767

ABN: 16 628 288 595

- You will have the meticulous attention to detail required to meet the practice's high standard of nursing, record keeping, customer service, and cleanliness
- Ability to manage and prioritise tasks effectively, highly organised and a forward planner
  
- An innovative problem solver with an ability to work autonomously
- Strong work ethic, resilient, and adaptable
- Candidates with further training in anaesthesia, or previous experience with unstable or critically ill patients in specialty hospitals will be highly regarded.

VSOS offers a supportive, flexible and positive work environment. Your income and career path are only limited by your imagination, but you better hurry, because we're in the fast lane looking for runners. If this sounds like the position for you, then please submit your CV with interest to [HR@vsos.com.au](mailto:HR@vsos.com.au) or call +61 2 8376 8767.
